Dear Sir or Madam:

This notice is to inform you of a conference call to discuss the enclosed draft of the Guidelines for Special Reporting Requirements for Hairsprays. These guidelines have been redrafted in response to comments received at the June 5, 1997, workshop and subsequent comments from interested parties. The conference call will be held as follows:

*Secretary for
Environmental
Protection*

Date:	Monday, October 6, 1997
Time:	12:00 p.m. to 1:30 p.m. Pacific Daylight Time
Call-in #:	(800) 403-1071
Code #:	904384

We have enclosed an agenda for the conference call. We have also enclosed a summary of changes made since the workshop.

We encourage your participation in the development of these guidelines and want to ensure your comments and concerns are addressed. Our goal is to finalize these guidelines in October 1997. This will give companies time to utilize the guidelines to complete and submit their compliance plans by January 1, 1998, if they have not yet begun selling 55 percent VOC hairsprays by this date. For your information, this notice, conference call agenda, summary of changes, and draft guidelines are available on the ARB website at:

If you have any questions about the conference call or the enclosed materials, please call Ms. Janette Brooks, Manager, Implementation Section, Stationary Source Division, at (916) 322-9184, or Mr. Edward Wong, Implementation Section, at (916) 327-1507. To assist us in planning for a sufficient number of access lines, please call Mr. Wong if you plan to participate in the call. We look forward to talking with you on October 6, 1997.

Sincerely,

Genevieve A. Shiroma, Chief
